Teaching Philosophy:

I have read many books about teaching but my main philosophy comes from two books Golf My Way by Jack Nicklaus and Play Aggressive Golf by Greg Norman. I really believe in a good grip, posture and balance. I work with the swing you have to make you become the best golfer you can become. One of my strong points is teaching the short game.

Favorite golfer: Greg Norman

Favorite golf course played: Circling Raven Golf Course

Best golf tip: Take dead aim

Favorite thing to do when not golfing: Spending time with family and being around sports coaching, being an official, or playing.
