Teaching Philosophy

I have had the great opportunity to grow up in an era with copious amounts of knowledge at my fingertips that I can learn from and study to become a great instructor. I believe that every golfer can improve their handicap no matter what age they are or skill level they are currently at. Each area of the game is its own challenge with different ways to approach each shot. Each person is built differently and moves differently and no one should try and copy someone else's swing.

Favorite golfer: Tiger Woods

Favorite golf course played: King & Bear at the World Golf Hall of Fame in St. Augustine FL

Best golf tip: They make different lofted clubs so you don't have to swing harder

Favorite thing to do when not golfing: I enjoy spending time with my family and having a good time playing or watching sports
